

Wim Westland, Head of department of Knowledge & Advice at the National Archives of the Netherlands.

He graduated as a lawyer and work for 6 years at the national archives of the Netherlands. In the early years, I was responsible for developing a part of the e-depot of the National Archives for early transfer of digital born archival material and the connection with Ministries. In that, he noticed that not only technical developments are important but also organizational developments in archive services. As head of the department Knowledge & Advise now he is building an intergovernmental community of knowledge exchange in the archival sector in the Netherlands and also responsible for appraisal in and innovation in the archival sector in the Netherlands.
