

## **Call for Papers DLM Geoforum, 4 June 2025**

The DLM Forum is seeking contributions for the Geoforum session (approximately one hour on 4 June 2025), which will run as a parallel track alongside the DLM Forum Members' Meeting.

We welcome contributions on the following topics:

- Using maps to aid research
- Geospatial and AI - supporting the new with the old
- Any other topic on geospatial data lifecycle and management

Please submit your proposal for the Geoforum session using the extended abstract form on our website no later than **25 April 2025**.

If you would like to contribute in a format other than a 20-minute presentation, or if you have content-related questions, please contact **Gregor Završnik**, the driving force behind Geoforum ([gregor@geoarh.si](mailto:gregor@geoarh.si)). For organisational matters, please contact the **DLM Forum Secretariat** ([secretariat@dmlforum.eu](mailto:secretariat@dmlforum.eu)).

Please submit your proposal for the Geoforum session by using the extended abstract form on our website no later than **25 April 2025** to [secretariat@dmlforum.eu](mailto:secretariat@dmlforum.eu).
